Davidson & Associates Insurance receives 2016 Safeco Insurance Make More Happen Award and a \$4,000 donation for Green Eggs & Ham, Sam I Am Event

Davidson & Associates has earned a 2016 Safeco Insurance® Make More Happen Award for its community work with Green Eggs & Ham, Sam I Am Event through the Beaches Charity Fund. The award includes a \$4,000 donation to Green Eggs & Ham, Sam I Am from Safeco Insurance. A feature story on Safeco.com and the chance to win an additional \$1,000 when the feature appears is included in the award.

Members of the Davidson & Associates Team enjoy volunteering with this annual event sponsored by the Beaches Charity Event. Green Eggs & Ham, Sam I Am is an event for first graders that occurs in every grade school throughout Clark County. Breakfast is provided for each student and their parents. This event encourages parents to both come into the schools and to read with their child. The book that is read is Green Eggs & Ham by Dr. Seuss, and the breakfast is *literally* green eggs and ham. This is an event that students, parents, and volunteers enjoy and we are thankful to be a part of it!

For Green Eggs & Ham, Sam I Am to win the additional \$1,000, at least 50 different individuals must leave a "cheer" on the Safeco.com story featuring Davidson & Associates Insurance and Green Eggs & Ham, Sam I Am during the one-week period it is live. The story is scheduled to appear on www.Safeco.com/make-more-happen the week of April 18 and is best viewed on a desktop or laptop.

Throughout 2016, Safeco will select a total of 66 independent agencies for the awards and donate up to \$330,000 to the nonprofits they support. We are thankful to be selected and give back to such a wonderful event!

Featured Non-Profit Organization:
Shared Hope International

During the month of March we will be partnering with Shared Hope International (SHI) through our

At the end of March, Tony Johnson will be celebrating seven years working at Davidson & Associates! Prior to joining our team in 2009, Tony Johnson had never worked in insurance. Johnson was the founder and owner of the firm, TJ & Associates, which provided Human Resource and Executive Recruitment services to their clients on a consulting basis. Now, Tony works with our Business Team and serves in Human Resource, Sales, and Management capacities. Johnson says his favorite part of his job is

Referral Rewards Program. This non-profit organization is located in Vancouver, WA but has a worldwide presence leading in efforts to eradicate sexual slavery. SHI was established by Washington State Congresswoman Linda Smith who had found hopeless women in Mumbai enslaved in brothels. Smith desired to provide these women with new found hope. In the organizations early efforts, beginning in 1998, the international sex trafficking industry was their main focus. As SHI continued to grow and become a respected leader in the international movement to end slavery, their eyes were opened to the presence of sex trafficking in the United States. The injustice of this could not be ignored and their horizons expanded to bring hope to American women and children victimized by the commercial sex industry.

SHI is dedicated to bringing an end to sex-trafficking through their three-prong approach- prevent, restore, and bring justice. They strive to inspire creative prevention strategies through training, awareness, and collaboration. Restoration is essential in expanding shelters and services for survivors through funding and guiding local organizations. Justice initiatives are valuable because they push legislative and policy solutions to withstand injustice and protect victims. The mission statement for Shared Hope International reads,

“Shared Hope International strives to prevent the conditions that foster sex trafficking, restore victims of sex slavery, and bring justice to vulnerable women and children. We envision a world passionately opposed to sex trafficking and a community committed to restoring survivors to lives of purpose, value, and choice—one life at a time.”

This amazing non-profit organization is impacting lives in the Pacific Northwest, United States, and Beyond. Learn more about what sex trafficking is, how you can help, and their mission by visiting their website!

“helping an owner understand the importance of protecting their largest asset. Insurance is only effective if it is written well. It can only be written well by understanding the business!”
When Tony isn't working, he enjoys being outdoors—hiking, boating, and fishing! It's been a sweet seven years with Tony- he serves our agency well!
