Services NW. This non-profit has been serving Clark County since 1963 through its mission of "Creating opportunities. Achieving results. Changing Lives." Innovative Services NW was developed out of the reality that children with disabilities in Clark County had limited access to services that could help them reach their full potential. Throughout the years, the organization has evolved and expanded, but has always remained loyal to its initial core purpose: to support each individual and maximize opportunities so they can reach their highest potential.

Innovative Services NW provides 7 main programs:

- Pediatric therapy including speech, physical, occupational, educational therapies for both Early Intervention and Private Pay
- Early Learning and Child Care for children 18 months through 5 years
- Adult Day Health Care for senior citizens and adults with disabilities
- Supervised Visitation for families involved with the foster care system
- Case Aide for physically or sexually aggressive foster youth who need one-on-one mentoring
- Parenting Plan Mediation for income-eligible parents
- Employment training and job support for adults with disabilities or employment barriers

We are honored to partner with an organization that is aware of the needs in our community and excited to serve in beneficial ways. Innovative Services NW is doing great things- and we are excited to be able to give back to an organization that is already giving so much!

Welcome, Jonathan!

The month of June welcomed two new faces to our office one of which is Jonathan Bicker! Jonathan was born and raised in Portland, OR. After studying at the Tacoma-branch of the University of Washington, he moved back to Vancouver to marry his now-wife, Kaile. Although Jonathan is new to our agency, he is not new to insurance! Jonathan has spent the past year working in the industry and is looking forward to being a part of a team that is genuinely serving one another, their clients, and the greater community! Jonathan self-identifies as a “people person” which drives his work—building relationships with people, providing them a product that

Work Anniversaries

will not only help them, but help them in a time when they need help the most. When Jonathan isn't working, he enjoys watching, reviewing, or reading almost every type of media (movies, books, video games, podcasts, television). He also enjoys writing and was graced with the honor of having a short story published in the University of Washington's literary journal! We're excited to welcome Jonathan to our team—you are a great addition!

Melissa Ralston

Thirteen is often seen as an unlucky number, but we sure feel lucky to be celebrating thirteen great years of having Melissa Ralston on our team! Melissa began her career in Insurance 38 years ago at AAA in the travel and road service department and gradually transferred into the insurance department. The opportunity to provide a need for her clients, and make a difficult situation easier is one of the most rewarding parts of her job. Melissa enjoys serving at her church, spending time with her husband, Paul amidst their busy schedules, and is a firm believer that Disneyland is truly the happiest place on earth! We're sure lucky to have you on our team, Melissa!

Cassie Guthmiller

Three years goes by quick when you're having fun with Cassie Guthmiller! We are so grateful for Cassie's presence as our wonderful Administrative Assistant! Cassie has been working in Insurance for 8 years, and we're thankful that the past 3 have been with Davidson & Associates Insurance. Outside of work, Cassie's two teenage boys, Andrew and Logan, keep her pretty busy with hiking, camping, and going to the movies. We are thankful for Cassie's welcoming presence in our office and her excitement for building relationships with all of our clients!
