During the month of March, Davidson & Associates will be partnering with Shared Hope International (SHI) through our Referral Rewards Program. SHI is a dedicated non-profit that is seeking to eradicate the global issue of sexual slavery. Located here in Vancouver, Shared Hope's worldwide influence has grown since its inception in 1998. The story of SHI began when U.S. Congresswoman, Linda Smith, traveled into the epicenter of sex slavery- the brothel district in Mumbai, India. While still in India, Smith began raising money to start Shared Hope International and bring restoration to the lives of those effected by the horrors of sex slavery. SHI early efforts focused on the international sex trafficking industry. As they became established within this global movement to end sexual exploitation, SHI realized that child sex trafficking was deeply affecting the United States as well. This injustice needed to be confronted. What began as an initiative to provide hope to hopeless women abroad, expanded to provide that same hope domestically.

campaigns, and collaboration with influential leaders they are able to create solutions on the front end. Restoration plays an important role, as it helps women and children to thrive after escaping sex slavery. This is provided through supporting partners who run therapeutic programs and sharing survivor's stories of hope. Finally, justice is essential in pushing legislation and policy solutions to combat the injustices faced by the victims of child sex trafficking.

This organization has had a global impact on the lives of many. Their efforts have led to much success not only on an international level, but also here in our community. We are inspired by their endless efforts to eradicate sex slavery, achieve freedom for woman and children around the globe, and give HOPE to the hopeless. Work Anniversaries

Each year, the Davidson & Associates Team looks forward to volunteering with the team at Beaches for their annual Green Eggs and Ham, Sam I Am event! Beaches Charity Event sponsors a festive, Dr. Seuss inspired breakfast at every grade school, for every first grader in Clark County.

The breakfast consists of true green eggs and ham! It began as a way to encourage parents to get involved and read with their kids. It has done just that! It also allows for more community engagement, as many people come to volunteer. Students, teachers, and parents all love this fun county-wide event. Beaches is able to feed over 7,000 people in 5 mornings and has been doing so for 21

This month, we will be celebrating Tony Johnson's eighth year at Davidson & Associates! Before joining our team, Tony was the founder and owner of TJ & Associates, a consulting firm providing Human Resource and Executive Recruitment services. In his current role, Tony works as the head of the Business team and was recently named (along with Bryce Davidson) as a shareholder of Davidson & Associates. The most rewarding part of his job is understanding the risks that business owners have and being able to discuss options they have in dealing with those risks. Tony, his wife, Lori and two kids, Cal and Sylvia, have lived in La Center, WA since 1997. His favorite part about this area is the easy access to the outdoors. An avid fly-fisher, Tony is determined to catch his first steel-head on a fly rod this year! We are grateful for Tony's commitment and service to Davidson & Associates the past eight years- Thanks Tony!

We are grateful for Beaches commitment to giving back and building a vibrant community!

27th Agency Anniversary

Then and now! On March 1, 1990 Davidson & Associates Insurance's started its journey as an agency. We'd like to take a moment to recognize our incredible team and all of the support we receive from this community. We are immensely grateful. For 27 years we have been protecting what matters most to you! Thank you for allowing us this honor.
